This live & interactive virtual seminar is focused on helping healthcare professionals reduce barriers and disparities in access to, and delivery of, health care services. This seminar meets the new Implicit Bias Training requirements, set forth by LARA (Michigan's Licensing and Regulatory Affairs Bureau), as outlined in the Public Health Code – General Rules R 338.7004. This course's content covers the topics specifically named in the new rule, including, information on implicit bias, equitable access to healthcare, serving a diverse population, diversity and inclusion initiatives, and cultural sensitivity. We will also present and discuss tools for recognizing personal and organizational implicit biases, strategies to remedy the negative impacts of implicit bias, and the historical basis, as well as the present consequences of, implicit bias.

Current research on implicit bias and access to healthcare services will be presented and discussed throughout this seminar. This course includes the required pre- and post- implicit assessments, as defined by LARA. A certificate of attendance will be provided to each attendee upon completion. Full attendance, engagement & interaction is required.

Participants will be able to:

1. Define and describe the concept of implicit bias.
2. List and describe the historical basis of, and the factors that contribute to, individual and organizational implicit bias.
3. Cite the present consequences of implicit biases.
4. Recognize and describe one's own implicit bias.
5. Cite current research on implicit bias, in the access to and delivery of health care services.
6. Name and describe ways to serve a diverse population.
7. Cite diversity and inclusion initiatives.
8. Identify and utilize strategies to promote cultural sensitivity.
9. Describe and utilize strategies to remedy the negative impact of implicit bias.

Stephanie Huhn

MA, LLP, CBIS, CAADC, CCM, ACCTS, CFTC

Stephanie holds a Master of Arts in clinical and humanistic psychology and is a Master's-Level Licensed Psychologist in the state of Michigan, in practice for over 12 years. She is an Advanced Certified Clinical Trauma Specialist (ACCTS), a Certified Brain Injury Specialist (CBIS), a Certified Case Manager (CCM) and a Certified Advanced Alcohol and Drug Counselor (CAADC). Stephanie holds a passion for teaching and speaking on all topics surrounding mental health and wellness, and she frequently presents to professionals across the state and nationally. Her teaching approach is down-to-earth, engaging, and authentic, combining current data and research with interesting stories, examples, and demonstrations. Stephanie has worked in various clinical environments, including inpatient, outpatient, and community-based programs, and she has held a variety of clinical roles.

Dr Colin King

PhD, LP, CAC-I, LPC, NBCC, CFC, CCJAS

A highly experienced Clinical and Forensic Psychologist with more than 24 experience lecturing to audiences in more than 5 continents on topics such as: multicultural issues, implicit bias, ethics, prejudice, conflict resolution, employer/employee issues. Dr. King has lectured as an Adjunct or visiting professor at Wayne State University, The University of Detroit Mercy, Eastern Michigan University and Ashland University. Whether it's a webinar or workshop on leadership, substance abuse, sexuality, pain management, ethics, workplace bullying, brain injury, or human trafficking, the experience will be the same! Participants have raved about his quick wit, profound yet "down to earth" approach and alluring presentation style.
